**INSTRUCTIONS:** This form and a proposal must be submitted no later one week after the beginning of the semester to the BBB office. The proposal must explain the research that the student intends to do, including a short description of the goal, problem and methods. The proposal must also include a short bibliography that the research advisor intends the student to cover during the period of study. See Major Handbook for full details. "Students in BBB 499 are required to participate in the weekly honors seminar program run by the Director or Associate Director. The Director retains the prerogative of challenging a grade assignment of any student with unexcused absences."

Students pursuing an honors thesis will be required to present their work at the Research Symposium held in April of each year and the research advisor must attend.
